

### GAME ARRANGED WITH WISCONSIN

'Varsity Decides to Go to California to Meet Badgers.

FACULTY GIVES ITS CONSENT

FIRST PRACTICE SINCE STAN-FORD GAME HELD YESTERDAY.

UNLESS some unforeseen cause should prevent it, the University of Utah football team will make the trip to Pasadena, Cal., and on New Year's day play a game with the strong aggregation representing the University of Wisconsin. The final arrangements were completed yesterday, and a more joyous set of students will be hard to find than those who defend the red and white of the state university on the gridiron. The faculty, including President Kingsbury, gave 11s consent yesterday to the trip, as it could see no reason why the game should interfere with the players' school work, coming as it does during the Christmas holidays.

Negotiations were also completed between Manager Riser of the east bench aggregation and Manager Roe, representing the University of Wisconsin, yesterday by wire. Riser telegraphed his terms night before last to Roe, and the latter at once accepted them in full, and gave instructions to have the guarantee money forwarded to the local institution. The game will be held in conjunction with the rose carnival at Los Angeles during New Year's week, and will be billed as one of the star attractions.

California in sight, as all are anxious to go.

Latest Bulletin From Madison.

Madison, Wis., Dec. 5.—Manager Kilpatrick does not know whether the arrangements with the Utah university can be made, as it would all depend on the action of the executive committee of the athletic council, the university faculty and the sentiment of the members of the team. Dean Birge stated today that the consent of the faculty given some time ago was for the games with the Leland Stanford and the University of California, and if other games were to be played the and if other games were to be played the faculty consent would have to be secured. The athletic council will meet in a few days to pass judgment on the game with Utah, and if that body shall take favorable action a special meeting of the treesity faculty will probably be called.

GARDNER GOES EAST.

Conqueror of Jack Root Offers the Latter Another Battle.

George Gardner, the light heavyweight champion of the world, who gained his title by defeating Jack Root at the saucer track in this city last summer, has gone to Chicago looking for new worlds to conquer. Gardner's reputation preceded him to the Windy City and on his arrival he was immediately sought out by the talent.

Gardner speaks in glowing terms of the Long as it is anxious to again win the championship this year.

Fractice Basker Bail Came.

The L. D. S. basket ball team, champions of last year, lined up yesterday for its first practice game, preparing for the coming basket ball season. It played against the Gold team of the L. D. S. U. and won by a score of 11 to 7. The team will continue work daily from now on, as it is anxious to again win the championship this year.

out by the talent.

Gardner speaks in glowing terms of Jack Root and also hands Jack Johnson, the colored heavyweight who gatned a decision over him, a bunch that does not look good to those who read an account of the fight.

"Root beat me once and I don't see why I should not give him another chance," is the way Gardner spoke to a party of friends. "I came to Chicago to fight Billy Stift at the Apollo club Dec. H. I have never met or even seen Mr. Stift, but from what I hear about him he carries a sleep-producing punch and therefore he has a chance against anybody. He also has another advantage over me—that of being a six-round fighter. I never had a six-round go in my career, while Stift has been fighting them for a long time.

"I consider Root the toughest man I ever met. He is fast, game, a great ring general, and also a hard hitter. As soon as I get onto the six-round style I will give him another meeting.

"I have met Moffat, Carter, Wolcott and beat them all, but Jack Root is the toughest of them. My last fight at San Francisco was with Jack Johnson. The referee. Jack Kitchener, decided that Johnson won. after twenty rounds. This Johnson can't fight a lick on earth, and if ever I get another crack at him the light won't go the limit."

DETROIT AFTER FIGHT.

Metropolitan Club Makes Bid For

McGovern-Corbett Match.

Detroit, Mich., Dec. 5.—The Metroplitan club of Detroit has agreed to put up \$2,500 forfeit for the Young Corbett-McGovern fight for Jan. 3, and Sam Harris, for McGovern, and John Considine, for Corbett, it is said, have practically accepted the local club's proposition to give 60 per cent of the gross receipts.

Mayor Maybury said tonight: "If the provisions of the fight are according to law, I see no reason why there should be any interference from the Detroit authorities. With the men well trained it

seems as though such a contest should occasion less comment than a contest between greenhorns who might not be able to stand a good stiff punch."

Craft Through the Water.

Now that the construction of the new cup defender has fairly begun, the lead keel having been successfully cast, it is possible to give in a general way a few of the principal features of this new aspirant for America cup honors.

To all outward appearances, the new boat will not differ in a very great degree from any of the ninety-footers turned out by the Herreshoffs during the past ten years. She will have the same spoon bow, the same long overthang aft and the same modified fin keel.

It appears, however, that she will be slightly broader than the Constitution, which had a beam of 25 feet and 2½ inches. Her keel will also be longer and heavier than the Belmont boat, but at the same time she will not draw su much water, being shoaler by some inches.

This increase in weight will enable her to carry a larger sail spread, something in the neighborhood of 15,000 square feet, which is the largest amount of canvas ever swung aloft by a single-sticker.

The method of construction pursued in the case of the Columbia and Constitution will be followed in the new boat. The keel plates will be flanged and webbed in three sections and much of the bracting will be the same.

The after end of the lead keel appears to be some two feet lower than the forward end.

The two lads were convicted about ten days ago, but the delay in passing sentence was caused by a desire of the court and the prosecuting officers to ascertain if the two boys were in truth under the ages of 18 years as they claimed. The investigaon developed facts adverse to the outhful offenders and they were each entenced by the judge to three years in the state prison. A sad phase of the case was the presence of Mrs. Warren, grandmother of the Malone boy, who grandmother of the Malone boy, who came all the way from Brighton, Pa, to aid him on learning of his trouble. Mrs. Warren says the boy had never been arrested before, though was given to roaming about the country. He has been an orphan since a few days of age.
